Ben,

Attached is a redline version and a clean version of our revised response to comment document for the Oxitec EUP. There may still be some minor formatting issues and issues with some of the footnotes, but we will work to clean that stuff up tomorrow. We are asking for comments only on potential showstopping issues by noon on Monday the 27<sup>th</sup>. If there is anything that would be good to discuss, let me know and I will try to set up a discussion for early Monday am.

Thanks.
